## Professional Summary

---

MSc Computer Science graduate and adept front-end implementing responsive web applications with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. Enjoy working closely with team members to ensure workloads are effectively redirected. With a passion for both personal growth and for web development, I attended a 1000+ hour coding boot camp to learn new languages while sharpening existing skills. Ready to apply my passion for coding to a talented developer's team to develop quality solutions.
